Old 23rd Street	West Avenue	Huntington Avenue	8:00 AM Wed. 3/1/23	8:00 PM Sun. 3/5/23

The marathon was developed as a way to help bring the City together. Newport News is a great city with much diversity and many assets. Coincidentally the geography of the city is ideal for a marathon. This is a perfect way for our citizens to celebrate all that is good in our city.

It is with that hope and spirit that we envision the neighborhoods that interact with the race route to come out and support all that the health expo, marathon and celebration has to offer. The City also realizes that the route might pose some inconveniences for our residents. Although staff is working hard to minimize the impacts, we also know impacts will be felt. As such we are providing a breakdown of road closures, lane closures and intersection blockages to help our citizens stay informed and plan their travels accordingly.
